When Wacko John Bolton went on Deface the Nation and so stupidly said that he looked at the "Libyan Model" for North Korea, all hell broke out. Kim Jong Un, who we were getting along with very well, went "ballistic", just like his missiles - and rightfully so.

You literally want to kick people who grew up as Americans out of our country. These are doctors, lawyers, police officers and military personnel. The court didn't rule "politically." They ruled with our forefather's ideals at heart. You are just pure evil.

In his dissent in the SCOTUS DACA case Justice Thomas says The decision is "An effort to avoid a politically controversial but legally correct decision."

Opinion of THOMAS, J.

Today's decision must be recognized for what it is: an effort to avoid a politically controversial but legally correct decision. The Court could have made clear that the solution respondents seek must come from the Legislative Branch. Instead, the majority has decided to prolong DHS' initial overreach by providing a stopgap measure of its own. In doing so, it has given the green light for future political battles to be fought in this Court rather than where they rightfully belong—the political branches. Such timidity forsakes the Court's duty to apply the law according to neutral principles, and the ripple effects of the majority's error will be felt throughout our system of self-government.

John Bolton's first wife, Christina Bolton, was forced to engage in group sex according to unrefuted allegation by Larry Flynt.

The Boltons participated in paid visits to Plato's Retreat, a swingers club in New York City in the late 70s & early 80s.

Mueller's mandate is to investigate the 2016 election. It is a broader mandate than that lie you believe bc it's cited constantly by MSM, including FOX documentcloud.org/documents/3726... Apparently this lawyer's indictment omits her known collusion w/ Fusion GPS, creators of #fakeFISA

When Liberals talk about the greatness of Barack Obama...

- He made the economy worse
- He made the military worse
- He made our Healthcare UN-affordable
- He made racial tensions worse
- He made bathrooms universal
- He gave Iran $150 Billion

What Exactly did he do?

This man was arrested in New Mexico after he opened fire on protesters who were beating him. One of them hit him with a skateboard. He then immediately retreated and the protesters chased him and knocked him to the ground and were beating him.... Absolutely Bullshit!

JFK, Jr. was a good friend of Donald Trump. His plane crashing *when it did* made it possible for her to carpetbag her way into her NY U.S. Senate seat. Had JFK, Jr. run in that race (as he was probably going to), she would have had ZERO chance. Get it?!

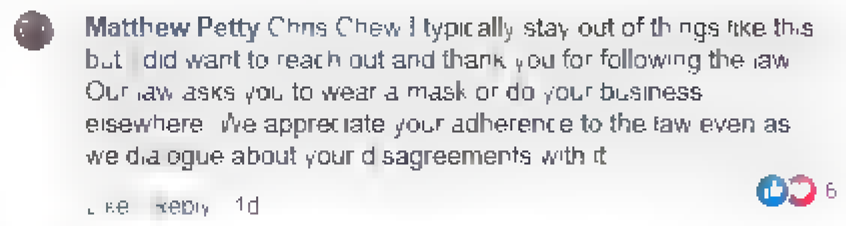
If you own a business in Fayetteville, Arkansas are you okay with a city council member telling people to shop elsewhere? They passed a Draconian mandatory mask order in the city, and he is literally telling residents who live in the city to shop elsewhere...

Thoughts Fay, AR?



Matthew Petty Chris Chew I typically stay out of things like this but I did want to reach out and thank you for following the law. Our law asks you to wear a mask or do your business elsewhere. We appreciate your adherence to the law even as we dialogue about your disagreements with it.

If you own a business in Fayetteville, Arkansas are you okay with a city council member telling people to shop elsewhere? They passed a Draconian mandatory mask order in the city, and he is literally telling residents who live in the city to shop elsewhere.

Thoughts Fay, AR?

> **Matthew Petty** Chris Chew I typically stay out of things like this but I did want to reach out and thank you for following the law. Our law asks you to wear a mask or do your business elsewhere. We appreciate your adherence to the law even as we dialogue about your disagreements with it.

So it is a Legislative Law, he is claiming??? If not, then isn't it true that it is NOT law, and not enforceable? Isn't it true that codes and orders repugnant to true law are void in law?

Bernie Sanders @BernieSanders
This is what narcissism is about. Trump, in order to hear cheers from an adoring crowd, will defy science and sacrifice lives – not just those who go to his rally but those they come in contact with. For the health of the American people he must be defeated.

Where was your outrage for the protesters and rioters by the millions the last month, you pathetic political HACK!

> **Bernie Sanders** @BernieSanders
> This is what narcissism is about. Trump, in order to hear cheers from an adoring crowd, will defy science and sacrifice lives – not just those who go to his rally but those they come in contact with. For the health of the American people he must be defeated.

We have ads on the site as we have to make revenue. We don't control those, and we have no malware on the site what so ever

We're asking people that support our Investigations to do something that's free to help support our efforts.

So, I can just reject the 'watchtvnow.org' invitation. to get to your site, I'm guessing. That's OK. thanks.

I hear a lot of people on the left saying President Trump shouldn't hold his rally, the people there are going to spread the Wuhan Virus.

Funny, I don't recall hearing a peep out of you same people when the riots and looting were going on.

Also, they will cover their masks with seran wrap and wash down with sanitizer after each tackle.

WHY???

It costs taxpayers about $80,000 to keep a person in prison for a year. The communists KNOW this. Their strategy is overwhelming the system.

Bullets are so much less expensive, and faster

Thought [they] were still working on and testing the vaccine. How'd the media get a vaccine already? Starting to look more like a PLANdemic and they were given "protective" vaccines. 🤔

Now do you see how important it is for our side to take the House back and retain the US Senate!

Folks you must stop being complacent and get involved at the local, state, and federal level for in elections!

We all need to try to register new voters monthly for 2020!

I'm watching an amazing President trying to save a failing Republic..

I pray to God people are awake and motivated in the next few days..

So many are really naive to what so many of us are fighting for.

Sending prayers today that God wakes up our Country, and grants a victory.

This is pathetic, these men have a right to due process and fair trial. People threatening them and harassing them like this is not American! This is what our founders and grandfathers fought against. This kind of mob justice and mentality.

The Migrant Caravan is becoming an invasion of our Southern Border..

We cannot allow this idiocy to continue.

I urge every American to contact your Congressional and Senate members.

Regardless of party affiliation, this cannot be allowed.

This is an Invasion, Not a Caravan!

While we're at it, how about the 4 Americans killed in Benghazi by our own.
Well, you know know the rest.
And the SOS @HillaryClinton at the time said, at this point what difference does it make!
Remember that!

Black on black doesn't fit the narrative. It's not "racist". You are statistically more likely to be killed by someone of your own race, than by another race, or the police! Follow the narrative and the money!

The design of keeping government out of religion was so that it wouldn't sway or politicize Christianity to follow one particular party, and to keep the government from preventing one over the other

It didn't mean they wanted to keep religion out of our foundation

WRONG. New #coronavirus cases are soaring in multiple states, as are #COVID19 hospitalizations and % positive tests.

If the increases in cases were merely due to more testing, % positive tests would be DOWN, and hospitalizations wouldn't be rising

NASCAR Statement:

The FBI has completed its investigation at Talladega Superspeedway and determined that Bubba Wallace was not the target of a hate crime. The FBI report concludes, and photographic evidence confirms, that the garage door pull rope fashioned like a noose had been positioned there since as early as last fall. This was obviously well before the 43 team's arrival and garage assignment. We appreciate the FBI's quick and thorough investigation and are thankful to learn that this was not an intentional, racist act against Bubba. We remain steadfast in our commitment to providing a welcoming and inclusive

You see this is why people that are ignorant should keep quiet... You put the period before the @ so that it doesn't show up as a reply, and shows as a regular tweet..

You have no clue how Twitter works. I think I've done just fine with almost 400,000 followers you twit.
